

Critical Information Summary

ADSL Bundle Plans – 1st November, 2018

Information about the Service:

The IF Telecom Home Phone & Internet Bundle Plans provide you with a traditional landline telephone service and an ADSL, ADSL 2 or ADSL 2+ Broadband service (dependent on your location) with a monthly access fee. They are available to residential customers in selected areas throughout Australia. The IF Telecom Home Phone & Internet Bundle Plans are on a 24 months term and fees may apply for early termination. This is an agreement to supply the service at the address provided by you in your application. The service may be relocated to another address subject to serviceability, but we cannot guarantee that your number or monthly access fee will be transferrable and additional fees may apply. Line Rental is included in the package. These services are a part of a Product Bundle. You must arrange and connect your own handset/s.

Please be advised that we can only offer our services at low prices if customers waive their rights under the Customer Service Guarantee (CSG). By signing up with us to any of our offers, you agree to waive your rights under the CSG. For more information about CSG, please go to www.iftelecom.com.au/CSG

Requirements & Availability:

The installation address for the service must have an existing physical telephone line with existing cabling. You will require a standard telephone handset (not included) to connect to the service. Disconnection of either service in the Bundle will result in the termination of any bundled discounted pricing where the remaining service will be priced at the full rate. An Early Termination Fee will be applied to the disconnected service.

Monthly invoices will be delivered either by post or electronically (you will need to supply us with a valid email address). This service is available for approved residential customers, as specified in our Standard Form of Agreement; SFOA.

For any additional details about your plan, please refer to our website for full rates, terms, and conditions.

To qualify for this plan you must be the legal lessee of the telephone line

Billing, early termination, and cancellation policy: All our plans are billed in advance via fixed date billing every month. These products are based on a 24-month agreement. Monthly invoices are issued via email only, payable by direct debit via credit or debit card (Visa, MasterCard, AMEX, or Diners) or bank account. A 3% surcharge will apply for all AMEX or Diners transactions. A \$19.95 late payment fee will be charged for any late payments. If you choose to receive your monthly account by post, a printed bill has a charge of \$2.95 per bill. The payment date is 14 days from the invoice issue date. No pro-rata credits or refunds are offered for any accounts. If you cancel your service with us (once the cool off period has expired) during the 24-month term, an early termination fee of \$199.00 or months remaining multiplied by monthly access fee–per service applies. (Lesser amount applies)

Other Fees & charges: Depending on the IF Telecom service, at times there may be a need for additional fees and charges. Specifically, an additional fee or charge could be applied where an incorrect call out is made. An example of that is where a Customer incorrectly requests us to arrange for a technician to visit premises or remotely diagnose a service were no fault or issue is found or the issue is found beyond the network boundary point.

A comprehensive outline of additional fees and charges is located on our website: www.iftelecom.com.au/fees-and-charges
